

National Mulesing Training and Accreditation Programme

Host property — Expression of interest

Host properties are required to provide 500 merino lambs per day and they will be mulesed free of charge with one free placement offered to the property owner. KGI Training will take care of all administrative procedures, catering arrangements and organising the days programme.

If you would like to offer your property as a venue for the National Mulesing Training and Accreditation Programme, please complete the details below and one of our training team will contact you to provide further information.

Yes, I/we would like to offer our farm as a host venue.
